

Fredrik Holmberg announced as new CEO of Netadmin systems

Netadmin Systems has announced the appointment of Fredrik Holmberg as the new CEO of the company, effective April 1, 2023. Fredrik has over 13 years of experience in the industry and at Netadmin, where he previously served as the VP of Professional Services.

Netadmin Systems has been at the forefront of the industry for 20 years, providing cutting-edge solutions to help fiber operators and service providers manage their fiber networks more efficiently.

Netadmin's basic idea is to elevate people from within its organization, recognizing the value and potential of its employees and providing opportunities for professional growth and development. The company believes that investing in its human capital is key to its success. Netadmin is confident that Fredrik Holmberg's leadership and experience will help the company continue to grow and deliver exceptional value to its customers.

Fredrik Holmberg will replace Ulf Lindberg, who has been with the company for several years. Ulf Lindberg will be transitioning to a new role as Group Leader within Lumine Group, which includes Netadmin as one of its companies. In his new role, Ulf will serve as the group leader for Netadmin and its sister companies, and he will continue to serve as an advisor to the new CEO.

Ulf Lindberg expressed excitement over the appointment of Fredrik Holmberg as the new CEO;

"I am absolutely thrilled to welcome Fredrik as the new CEO of Netadmin. With his stellar track record and years of experience in the industry, I do not doubt that he will excel in his new role and lead our company to even greater heights of success."

Ulf Lindberg also mentioned the importance of strong, visionary leadership in driving the growth and development of Netadmin and expressed his conviction that Holmberg will prove to be a true asset in this regard.

"I am honored to take on the role of CEO at Netadmin and look forward to building on the company's success. I am committed to ensuring that we continue to deliver innovative solutions and exceptional service to our customers. I would also like to express my sincere thanks to Ulf Lindberg for his leadership and expertise, which have been invaluable to Netadmin during his years as CEO."

With the appointment of Fredrik Holmberg as the new CEO, Netadmin is poised for even greater success in the future. The company will continue to expand its products and services and establish new partnerships while maintaining its commitment to providing innovative solutions and enabling digital experiences while delivering the highest quality and customer service.

About Netadmin

Netadmin Systems enables positive digital experiences for the world's internet users by supplying essential software for open-access fiber operators. As a vertical software company, Netadmin is creating purpose-built solutions based on their product Netadmin Nine supporting fiber operators on their journey of building, operating, and monetizing fiber networks.
